

10.04.2023

We entered the hospital due to last week.

Our baby was ~~so~~ so sick. We were afraid. Doctors and nurses are

very helpful and kind and professional.

All our needs were met very well.

We ~~was~~ were very happy. We were very satisfied.

The hospital was comfortable and warm like our home.

All employees are very good people.

Illness is a bad thing, but we will miss this places and people.

Turkey ~~again~~
